The MedTech Europe Code of Ethical Business Practice which came into force on 1 January 2017 regulates all aspects of the MedTech industry's relationships with Healthcare Professionals (HCPs) and Healthcare Organisations (HCOs).

One important change introduced by the Code which will only be applicable as of 1 January 2018 is discontinuation of direct sponsorship of HCPs.

As of that date, independent medical education has to be supported exclusively by means of Educational Grants. Such Educational Grants can be provided to Healthcare Organisations (HCOs) or Professional Congress Organisers (PCOs).
